

How can I invest?

It's pretty easy! Just follow the 3 simple steps described below. Should you have any questions please do not hesitate to reach out!

STEP 1 - Go to the private campaign link

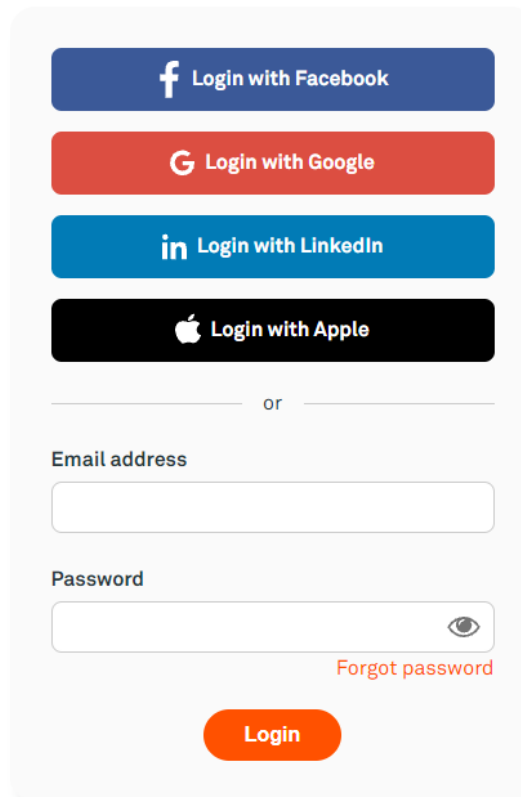

First, go to the Unlimited campaign using the following link:

<https://www.crowdcube.com/unlimited>

You can only find the campaign using this link, because you have exclusive access while the campaign is in **Private Mode**

STEP 2 - Register

You'll see a "log-in" button in the top right corner. You can log-in with Facebook, Google, LinkedIn and Apple or setup a new account directly on Crowdcube:

The image shows a login form with the following elements:

- Four social media login buttons: "Login with Facebook" (blue), "Login with Google" (red), "Login with LinkedIn" (blue), and "Login with Apple" (black).
- A horizontal line with the word "or" in the center.
- An "Email address" label above a white input field.
- A "Password" label above a white input field with an eye icon for toggling visibility.
- A "Forgot password" link in red text below the password field.
- An orange "Login" button at the bottom.

Depending on the country you reside in, you might have to complete a basic investment quiz to complete the account setup.

STEP 3 - Invest

Once you are registered and logged in, go back to the link we previously provided (<https://www.crowdcube.com/unlimited>) and you'll see a button on the right side of the screen that says "Invest now":

Press the button (Capital at Risk) and the next page will ask for payment details so you can complete the pledge. Note that funds will only be debited once the campaign is over and only if we reach our goal.

Once your pledge is confirmed you'll see the following page:

Thank you JOEY for your pledge in Unlimited!
You're making a real difference by backing a business you believe in.

That's it! You've taken a big step for a better future becoming an **Unlimited shareholder!**
